

What stays silent in the father lives in the son

When men withhold the painful trials and transformational insights of their own journey from their sons, those trials will be repeated by the following generations.

This proved to be historic for us; we will live in the shadow of this for life. —a Passage Dad

AN ADVENTURE YOUR SON WILL NEVER FORGET...AND YOU WILL NEVER REGRET!

MEN:

- ▶ Provide your son with the personal guidance you never received from your own dad.
- ▶ Engage with like-minded men in discovering biblical insights that reveal God's design for men.
- ▶ Bless your son with a ceremony in which you tell him and others that he has what it takes to be a man.
